When it being the season for
indoor projects here are some
definitions for the handy man!
or Women...

- 1.) Skill saw a portable cutting
tool used to make studs to small.
- 2.) Belt sander on electric
standing tool commonly used to
convert minor touch up jobs into
major refinishing jobs.
- 3.) Hacksaw - 1 of the family
of cutting tools built on the
ouija board principle. It
transforms human energy
into a crooked
unpredictable motion
& the more you attempt
to influence it's course
the more dismal
your future becomes.
